Forecast for Sunday 08 May 2022

Weather: Clear spells overnight leading into a bright and warm day with long sunny intervals. Clouding over at times, especially in the afternoon and evening but otherwise mainly dry.

Chance of cloud-free hill tops above 700m: Nearly 100%, perhaps a few patches of lower cloud in the early morning.

Low cloud and visibility: Patches of cloud around 700m in the early morning will mostly disappear leaving most good views all around the fells. Perhaps a little hazy at times otherwise good visibility.

Meteorologist's View

Overall a good outlook for walking in the Mournes, breezier on the tops later in the day and still feeling a little cool around dawn and dusk.

Forecast for Monday 09 May 2022

Weather: A cloudier day and mainly dry in the morning but some outbreaks of rain spreading south during the afternoon. Strong winds on the hills later too. Likely to be a wet night for the Mourne mountains.

Maximum wind: Southerly 25-30 Gust 35-40 mph becoming Southwesterly during the afternoon.

Chance of cloud-free hill tops above 700m: 80% falling to 50% as frontal rain moves south in the afternoon.

Low cloud and visibility: Scattered low cloud in the morning above 600m will mostly clear for the morning period but cloud bases will lower as cloud thickens after lunch. Cloud becoming broken above 500m in the afternoon, perhaps patchier above 600m in the south.

Temperature: **Valleys:** Plus 9 rising to 15 Celsius.
At 700m: Plus 6 rising to 9 Celsius.
Freezing level: Above the summits.
